

BEHAVIORAL HEALTH - INPATIENT & OUTPATIENT

FIRM HISTORY

Established in 1985 as Fontanese Folts Aubrecht Ernst Architects, P. C., the firm has origins to 1961 when Mr. Fontanese began his architectural practice. Our firm specializes in developing efficient designs to match specific client needs. Full professional services are given to a range of projects from large facilities to small renovations.

Considered for our Code-compliance expertise, we serve across the state within elected Code Review Committees; and continue to work with state and Building Inspectors in providing Code interpretations.

The goal of our organization is to provide architectural services that meet the client's requirements architecturally, financially, and per schedule. Projects are directed from the inception of the concept to the completion of construction from the firms office in Orchard Park, New York.

BEHAVIORAL HEALTH - INPATIENT & OUTPATIENT

FFAE Architects maintains a unique depth of professional capacity that is familiar with the requirements of behavioral health services. Our collaborative designs have assisted in bringing supportive environments, in various forms, for treatment programs that meet focused community needs as well as continuum of care, designed to help at all levels of need including outpatient clinical services and support and inpatient care.

Our project team's priority is to listen to the client's wishes and needs and then balance the implementation of this information into the design while maintaining the project's budget and required compliancy with today's codes.

"The goal of our organization is to provide architectural services that meet the client's requirements architecturally, financially, and per schedule."
